[n.b. Apologies for any we have missed. This does not include late registrations.]

The MTM Team also wishes to thank the many people, groups and organisations who have supported our MTM research over the years. You have helped us through participation in our research, provision of funding and in-kind support, implementing recommendations from our research, joining us on field trips and hīkoi/wānanga and promoting our research amongst your networks. There are too many people to mention individually, but we acknowledge and appreciate our many partnerships with local communities, and thank you. Ngā mihi nui ki a koutou.
